IJET covers all areas of Engineering and Technology, publishing refereed original research articles and technical notes. IJET reviews papers approximately two to four months of submission date and publishes accepted articles on the forthcoming issue upon receiving the final versions. All submitted articles should report original, previously unpublished research results, experimental or theoretical, and will be peer-reviewed. Articles submitted to the journal should meet these criteria and must not be under consideration for publication elsewhere. Manuscripts should follow the style of the journal and are subject to both review and editing. All the papers in the journal are also available freely with online full-text content and permanent worldwide web link. The abstracts will be indexed and available at major academic databases.[Homepage](#)[How to publish in this journal](#)[Contact](#)[Join the conversation about this journal](#)

Dear Sir/Madam

I have a recent publication in this journal " International Journal of Engineering and Technology", Vol. 11, No. 2, pp. 304-311. My question is about the current rank of this journal in Sc imago. As I can see it shows rank Q3 under the year 2017. Is it true that Sc-imago rank of this is Q 3 ? But what is the meaning of the phrase on top of the page which says Coverage: "2009-2016 (Cancelled)" ?

I will appreciate your early answer in my e-mail.

Sincerely

Prof. Kailash C. Madan

Dear SCImago Team,

I have been invited to the International Journal of Engineering and Technology(UAE). I went to the

website and it appeared that the publisher is "Science Publishing Corporation - Publisher of International Academic Journals." While here the name is the same (International Journal of Engineering and Technology), but the publisher is Engineering Journals Publications. The question is:

Do you think that that International Journal of Engineering and Technology (UAE) is the same as this journal (International Journal of Engineering and Technology)?? Or, is it possible that the same journal name exists in India and United Arab Emirates UAE at the same time?

Regards

reply

**Elena Corera** 1 year ago

Dear Dr. Aung,

Our data come from Scopus, annually send us an update of the data. Therefore, SCImago has no authority over the presence or absence of a journal in the SJR.

Remember, the SJR is a static image of the Scopus database, which grows daily.

We regret any inconvenience this may cause them, but we cannot include data that we have not been supplied by Scopus.

i have my artichel in Vol 7, No 3.25 (2018)published on 14-8-2018  
i want to ask, is it my artichel will index by scopus Q3 ?

reply

**Elena Corera** 1 year ago

Dear Marya, the publication of articles of 2018 is not over yet (we are in August), and much less it has been possible to cite unpublished articles. The 2018 indicators will not be available until June 2019. We can not see what will happen in the future with this journal. SCImago receives the data from Scopus / Elsevier annually and does not have the authority to include, exclude or modify the data provided by Scopus. Best Regards, SCImago Team
